

# knelldesign

The innovative  
Furniture System

## Partnerconcept knelldesign international

- You know the furniture market in your country better than we do
- You have the production facilities and distribution network in your home country
- You'll use the knelldesign furniture system to produce flexibly customised straight and shaped furniture
- You will source the furniture boards and standard fittings from your usual suppliers
- We will supply the screws, profiles and accessories for completion

## Advantages for our partners:

- The same profiles and screws for all connection
- Furniture with any angle and fully hidden screw connection
- CAD programm for sketch and the sheed cut
- Value is created at the partner through own production
- You produce for your customers and advise them
- Reduction of furniture transport, low packaging volume

Strike a new path.
